Engineering

The City of Riverside Public Utilities Department

Career Opportunities

Be a part of supplying the electric and water needs of a rapidly growing community by considering a career with Riverside Public Utilities (RPU). With over 440 employees, we're comprised of four divisions: Water, Energy Delivery, Finance/Customer Relations and Resources.

RPU offers a wide array of career choices from entry level to professional. Depending on your area of interest, there are a number of career paths available to you. For example, start out as an Engineering Aide, and your career path could include advancement up to a Senior Engineer at a higher salary. We have many careers to choose from, and offer challenging and fulfilling opportunities.

The Position

This is the top level in the electrical engineering series. Work is at the highest level of engineering and may involve the direct supervision of professional and technical personnel. Assignments are general and, of a continuing nature, requiring independent judgment and initiative in scheduling, assigning and coordinating the work with other units. Incumbents are also expected to perform the most complex professional engineering work, requiring a substantial level of professional training and experience.

Benefits

Employees of the City of Riverside are eligible to receive a comprehensive benefit package consisting of Medical and Dental prepaid plans. Additional benefits can include:

- Educational Reimbursement Plan
- Training Opportunities
- Sick Leave
- Vacation Time
- Two Deferred Compensation Plans
- A Flexible Spending Plan For Out-Of-Pocket Expenses
- Life Insurance
- Long Term Disability Insurance
- Vision Coverage
- Dependent Care Options

- 11 Paid Holidays
- Public Employees Retirement System
2.7% @ 55-Years-Old

For a complete listing of the many benefits available to City of Riverside employees check out our Web site at: www.riversideca.gov Click on Human Resources.

Riverside Public Utilities operates in a dynamic, historic community that offers its residents a wide selection of things to do. Whether it's a visit to the renown Mission Inn, or the City's numerous parks and museums, there's plenty to choose from. The city is also an important financial and judicial center in the Inland Empire, with a large and diverse economy that has the largest number of jobs and businesses within the region.

Educational Requirements

Education

Graduation with a bachelor's degree in electrical engineering from a college or university with an accredited four or five year degree program in electrical engineering. A bachelor's degree in civil or mechanical engineering from a college or university with an accredited four or five year degree program and two additional year's of experience doing professional electrical utility engineering can substitute for an electrical engineering degree. The completion of post-graduate course related to electric utility engineering is highly desirable. Registration as a Professional Engineer cannot substitute for the required education.

Experience

Four years experience in professional electric utility engineering work comparable to that of an Associate Electrical Engineer in the City of Riverside Energy Delivery Division. Registration in California as a Professional Engineer is highly desirable or may be required as a matter of law, depending on the assigned responsibilities.

What some of our employees have to say...

"If you want a challenging and a rewarding career in the utility industry with many opportunities for advancement, Riverside Public Utilities offers it all. We're located in the City of Riverside, California one of the fastest growing cities in the nation, an area that's a toasty 69 degrees Fahrenheit in the winter!"

Cesar Ancheta

Interim Principal Engineer

"As a 20-year employee of the City of Riverside Public Utilities, I have seen the utilities grow to meet the continuous demands of the community. I have also been fortunate enough to take advantage of the city's educational program and have been given many opportunities to advance in my career. The City of Riverside Public Utilities is a wonderful place to work."

Rita Nicks

Customer Service Supervisor

"I've been working for RPU for over 15 years and it's been a great opportunity. The job is very satisfying and it's a good place to work. These are great people to work for and great people to work with."

Lee Sheppard

Powerline Technician
